It is with great enthusiasm I write to welcome everyone attending Ananda Mela. 4Culture is a proud supporter of this wonderful event, which shares the rich and diverse culture of India for all to enjoy.

As the cultural funding and services agency for King County, Washington, 4Culture works to make the region vibrant. This vibrancy is epitomized in the beautiful intersection of food, music, dance, heritage, health, and community building that Ananda Mela offers to this region, each and every year.

Congratulations to the Vedic Cultural Center and all the partner organizations on the 10th Anniversary of this joyous gathering.

I very much look forward to meeting new friends and enjoying the camaraderie this event is known for. Again, on behalf of the 4Culture Board and Staff, I welcome you to Ananda Mela and thank you for allowing our organization to participate as an ally and partner.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Brian J. Carter', with a long, sweeping flourish extending to the right.

Brian J. Carter
Executive Director, 4Culture
